32nd Summer Soaring Criterium F3G

Anthismes (BEL) – May 2–3, 2026

- **General**

The F3G FAI competition took place in Anthismes, Belgium, on May 2nd and 3th, 2026. This event brought together 25 participants from six different countries: Australia, Belgium, France, Germany, the Czech Republic and the Netherlands.

The competition was managed by Contest Director Jan Timmermans, assisted by Paulette Halleux as the official caller.

The FAI jury consisted of Geneviève Awouters (Belgium), Harald Viehweger (Germany) and Ernest Mattiussi (Luxembourg).

- **Competition Flights**

The competition began on Saturday, May 2nd, at 09:05h under good weather conditions. Order of tasks for round 1: Speed, distance followed by duration.

In the evening (18:15) the competition had to be stopped due to strong wind gusts accompanied by rain. Until that moment, two complete rounds and a part of a round in duration have been flown.

Fortunately, weather conditions were stable on Sunday, allowing to continue competition. The first group started on 8:45h finishing the duration task of round tree. At 12:10h, it started to rain, and the competition was stopped. Unfortunately, weather did not improve and it was decided at 13:15h to stop flying. In total, tree complete rounds and distance and speed of the fourth round were flown.

Results were announced at 14:00h followed by the prize-giving ceremony.

Check of loggers was done randomly and in case of doubt.

Loggers from RC electronics made some problems (fail of display by mean of wireless connection) resulting in zero score.

- **Scoring**

All flights were scored using the latest version of the “GliderScore” software (v6.79 build 2025.11.17 update 4, 20260223) by Jerry Carter, adapted to the F3G rules at the request of Robert Herzog.

- **Penalties**

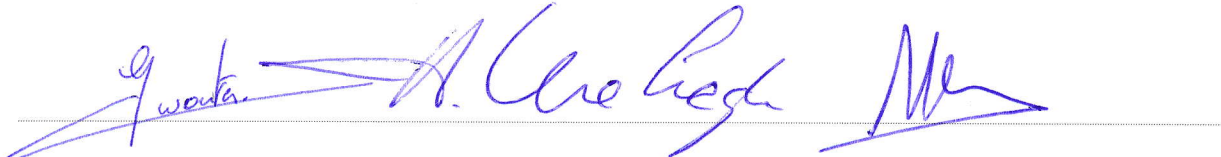

No penalties during the whole competition.

- **Exceptional Speed Performance**

During the contest, Tim Bishop achieved a remarkable speed run, officially timed at 12.74 seconds.

- **Conclusion**

Tree pilots, new to the category flew in this competition. Once again, this competition demonstrated a stable international interest in the F3G category.
